Applications Available for Animal Control Ad Hoc Committee

Clearlake, CA – January 27th, 2018

On Thursday, January 25th, the Clearlake City Council approved the creation of an Animal Control Ad Hoc Committee to help work cooperatively with the City of Clearlake staff to resolve the challenging issues the community is facing due to stray dogs. Plans are in process to create a new animal control facility and the input of the ad hoc committee will be very helpful. The ad hoc will also look at ways to help reduce the stray animal population in the city.

Applications will be available at City Hall starting Monday, January 29th and applications for the ad hoc committee will be accepted until Thursday, February 8th. Clearlake residents with knowledge, experience, or connections with animal rescue operations are encouraged to apply. Must be able to attend meetings during normal city business hours.
